

Travels with Janine

Unique, exotic vacations that will EXPAND your mind and life!

Sail the coast of Croatia by historic sailboat... In this Mediterranean Oasis, imagine being a Game of Thrones princess or warrior.

In Dubrovnik, wear your swim suit under your clothes when you visit my favorite bar at the edge of the Old City's wall...people love to have a beverage there, and then jump off the rocks into the crystalline water!

2) Luxury Train Travel through India... Be rocked to sleep in a big bed in your private cabin with an ensuite bathroom and shower. Slide open the curtain next to your pillow to see the sun rise over plains and rivers. Stop every day to explore temples, luxe old palaces, and gigantic statues in ancient villages~ everything defies imagination.

Return late in the afternoon to dine on delicious Indian (or Western) food, then maybe dance in the bar with new friends as you rock down the rails. Consider wearing caftans and saris the week that you are on the train, like I do...

3) Sail (don't motor) the Nile River ...Propelled by the gentle winds on a traditionally built sailboat, you will discover archaeological treasures, magnificent deserts and breathtaking vistas of Egypt.

Walk in villages and through orchards, meeting Egyptians as they go about their daily lives. Your cabin is bright and spacious, with plush furniture and a comfortable bathroom. Avoid the crowds, sail at a leisurely pace. Come a few days early to relax in a colorful guesthouse, and visit Luxor Temple and other awe-inspiring ruins. Stay after the cruise to see the magnificent pyramids and the Sphinx. Drink in great wonders of ancient and modern times in comfort.

4) Wilderness luxury at a small Alaskan lodge... You will love my dear friends who run this award-winning lodge. It's located in a fairy-tale village just a short boat ride from an easily-reached airport.

Summer explorations will show you whales, enchanting otter families, or maybe you will glimpse a mermaid flipping her tail. Jump in a helicopter with my beautiful and talented pilot girlfriend~ she will take you to places where you will fall in awe with bears. Stroll in the organic garden, and eat fresh veggies and seafood-including oysters from the 'hood. Practice yoga on the dock or in a light-filled room with an insightful teacher. Have a healing massage to work the kinks out after a hike to the glacier lake, a day in the kayak, or a fishing trip.

5) **Blend Yoga with a most fabulous South African expedition...** We will join local hosts who will take us along the Garden Route to Capetown. Start every day with yoga, but also explore this remarkable place!

See wild animals and the wine country, bustling city markets and world-famous gardens. Traveling along the coast, this customized trip includes kayaking, transformational hikes, a luxury River Lodge, and your own blend of indulgent relaxation and courageous exploration.

In fact, Yoga retreats are possible anywhere...come visit a private island off Key West...Take a small launch to

escape the crowds. Step onto the dock and be wowed by beaches that stretch around the corner in both directions. Enjoy delicious tropical meals, and stay in a quiet, elegantly furnished guest house of traditional design.

Swim with dolphins off the beach, and go for a sail to look for the green flash at sunset. One of my favorite gurus will provide personalized yoga- from twice-daily intensive practice to beginner's yoga with stretching and water yoga classes. And if you've had enough quiet, Key West is just a 5 minute skiff ride away.

6) Splash and star gaze in the Canary Islands~ Come to my favorite Spanish island off Africa's coast~ I know a sweet hotel with forever views. Michelin starred chefs will amaze you, but first, ride a bike from the top of the volcano thru charming villages to the beach. Sail, swim and hike UNESCO parks~ come with me on an unforgettable day hike from an ancient hilltop village to the beach. Eat fresh local fish and the famous wrinkly potatoes,...and get to know some Spanish vino vintages. And one amazing night, come with me to the top of Mt Teide, where I know a quirky Astrophysicist who will share the night sky with you at one of the 5 best places to view stars on the planet. 83 out of 88 constellations are visible from this magical spot! Name a star for yourself or for someone you love.

Where do you dream of visiting? South America, Asia, the Mid East, New Zealand... I know havens of adventure, deliciousness and magic in many corners of the world. These are my current top picks~ but I'm always adding to the list! Travel with me, or let me organize a trip for your friends and family. Anywhere is possible, including a sail around the world or a trip to the moon!
